The Prophet may have been wrong to say shatta Wale will die but shatta wale should have never dare to say he will burn churches. Burning churches means destroying both ur body n soul. Jesus reigns forever.

Comment on Article	Reply	all iz well on Feb 22, 2018 11:09 confess life and believe in your heart REVELATION AND PROPHECY ARENT THE SAME. INTERESTINGLY REVELATION CAN BE AVERT UNLIKE PROPHECY. COUNTER REVELATION WITH PROPHECY Eg. fine the revelation. is death but the word of God concerning death is life. so you will only need to affirm Gods word by confession and believe.

False prophets days are numbered
I can't believe these fools are holding people's lives on ransom. Who listens to their crap anyway? They just want to scare people and want you to believe that they're powerful. If people would stop worshipping their pastors, this won't happen.

Comment on Article Reply **BB Brown** on Feb 22, 2018 09:38
Plenty secrets to be revealed
You see, people should not just blame these men of God. Is what has been revealed to them that they speak, they don't even speak out the secrets that would make them die before their time. We are in a world that father can sacrifice his son for money and likewise son sacrificing his father for fame, because of riches.Me and you were not there , we are not privy to what celebrities do for fame, and the the consequences that they don't have idea about. Many have gone at length to damage their fellow human for sake of fame and money, most people these days have blood in their wealth but the majority population can not see what they have done, some take it for short life. Is only a prophet of God that these things might be revealed to and i bet you much of the secrets they don't reveal like it would have been more explosive

than this. People have done a lot of harm under cover of darkness. some prophecies too must be told to lead to repentance or the prophet himself would have problem.

@ Bb Brown

Bb Brown, please spare us the rubbish! Which God will reveal a death on somebody? If that's the case, every mankind on this planet need to die for their sins, not just a select few. It's mind boggling that there are some people so dumb enough to think these scam artists are 'prophets'.

TRUTH=TRUTH=THE WORD OF GOD=GOD=JESUS REVELATION=THINGS TO COME IN FUTURE PROPHECY= WORD OF GOD IN THE MOUTH OF BELIVER=RHEMA FACTS AND RATIONALITY HAS NO PLACE IN GODS KINGDOM.THEY DONT EXIST BUT GRACE AND MERCY AND LOVE AND FAITH

The end is near

The charlatans have come to scatter the flock!

Hahahahahahahhh We know the true followers of Jesus whenever we see them, they don't talk like these. The end time is near, when the eyes of the citizens will be opened to the atrocities committed by the voodoo masters and fortune tellers disguising as prophets. ***An end is coming to the Christian era in Ghana gradually, churches will be turned to bar houses and factories.**** Young men will focus their energy on hardwork and use their productive time bringing profit to their families**** The eyes of the people will be opened and they will resist the dominance of false prophets*** Citizens will no longer be slaves to shrines masquerading as churches, but they will engage in critical thinking and serve God in their hearts.

IS THIS LAW AND ORDER FOR GHANA?

Why the government is doing nothing about the threat to public and social order is puzzling. Why will Ghana now allow such blatant impunity by this cabal of illiterate morons to denigrate society like this? I yearn after Rawlings era emasculation of rights that were being abused. This should not be seen as a curb on religious freedom, but seen as injecting sanity and fear of God into society. Why should we reduce the nation to the whims and capricious escapades of a few non-descript persons who graduate as pastors from their bedrooms? They have all sorts of accolades going with their names like professors, doctors, prophets et al but have not seen a classroom in their phoney lives. Why is Ghana suffering the uncontrollable madness of a few that repudiate social order because the government is a lame entity?
